

Education, Training & Workforce Development (ETWD)

Meet Your Panelists

Aaron Bartel

Jesse Hale

Ruby Oatman

Heather Sottosanti

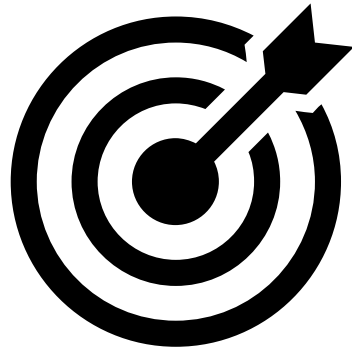

Traci Johnson

Kris Jensen

ETWD Goals

Promote the industry to encourage young people to enter construction either in the trades or via college studies.

Build a pilot program to introduce construction into high schools.

ETWD Committee Responsibilities

- Fulfill Goals Set by the Board
- Scholarships
- Partner with Educators
- Partner with Industry

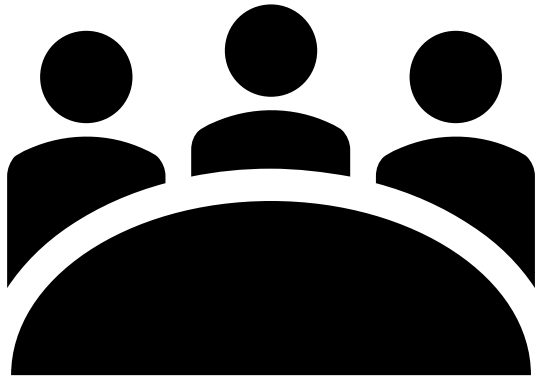

ETWD Task Force

- Introduction to Task Force
- Pilot Program

Task Force

Career & Technical Education (CTE)

Partnering w/Anchorage & Mat-Su
Career & Technical Educators

Toured Construction CTE Programs in
High Schools

Meet & Greet for CTE Educators &
Task Force

What **YOU** Can Do to **Help**

How YOU Can Help

Industry Involvement is Desired in the Classroom

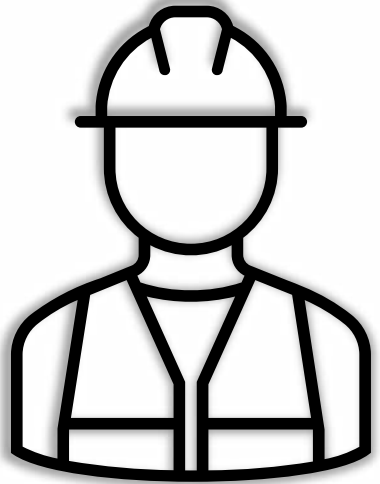

- Guest speakers
- Sharing technical expertise/shop demo
- Teaching expectations of employers
- Mock interview training
- Provide real-world scenarios
- Field trip opportunities

Classroom & Teacher Needs

- Funds specific to CTE programs activities
- Materials for projects
- Assistance distributing built projects
- Influence parents to encourage industry as a career
- Externship opportunities for teachers

Educator Externships

Externship Template

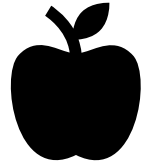

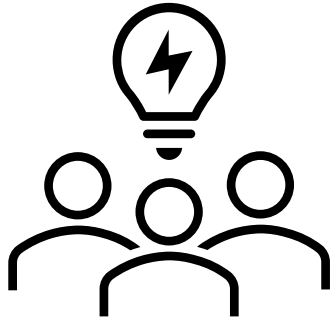

Ride-Alongs

Job Shadowing

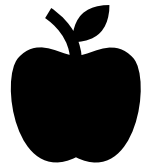

Gather Educator
Feedback

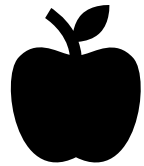

Educator Feedback

Passion in the work was recognized by teachers

Inspired ideas on creating real world scenarios and emphasis on key points to incorporate in classroom

Ideas to partner on community projects

Service High School

This is how things are progressing...

- Identified the Team
- Developed a Problem
- Created a Lesson Plan
- Delivery

○ How **YOU** Can Help

Speed Interviews

- UA Construction Management Curriculum Requires an Internship or a Job in Construction
- Matched UA Construction Management Students & Contractors
- Speed Interviews w/Students & AGC Contractors

University Partnerships

I tell anyone who comes and talks to me about a career path in construction, that if they have a passion for creating, for helping, for building the economy, building opportunity — this is a place for them.

Meg Nordale, President, GHEMM Company
