

AGC of Alaska NEWSLETTER

January 2022

A Note to our AGC Members

Thank you to all the members who have already renewed their membership for **2022!** We hope your membership with AGC has proved to be a source of informative guidance as we all worked together to navigate another year of this pandemic. Over the past year, AGC has been advocating for our members non-stop, promoting the industry, and ensuring you have the tools and resources to safely build Alaska.

[Click here to view AGC's 2021 Annual Report to Members](#) where you'll see in detail AGC's efforts to meet our mission of Promoting, Educating, and Advocating for our members. You'll also find our statewide advocacy support, our legislative priorities, our networking events, a glance at our membership numbers, and more.

Continued membership in AGC is the best possible way to ensure that your voice is heard in the numerous issues affecting your daily construction-related business activities. If you know of a business that could benefit from the myriad benefits platform offered through membership with AGC, encourage them to join the largest construction trade association in Alaska! The more members involved with our organization, the louder our collective voice is.

There is still time to renew your membership! Contact AGC Membership Director, Clare Kreilkamp, at (907) 865-0544 to pay your 2022 membership dues over the phone, or by email at Clare@agcak.org for a link to pay your membership dues online.

AGC of America COVID-19 Toolkit of Information

COVID-19 vaccination is an important tool to help us all get back to normal. Website Resources ([click HERE to view](#)) include information on:

- ◆ Why should construction workers get the COVID-19 vaccine?
- ◆ Are adverse reactions to the COVID-19 vaccine recordable on the OSHA recordkeeping log?
- ◆ What COVID-19 vaccines are currently available?
- ◆ Can employers require employees to be vaccinated?
- ◆ A joint Vaccine Awareness in Construction AGC/CDC PSA, Toolbox Talks, and more!
- ◆ COVID Vaccine PSA's

[Vaccination Q&As for Construction Employers](#)

The [Safer Federal Workforce Task Force](#) has provided further guidance on vaccination requirements for all federal contractors and subcontractors. [Click HERE](#) to learn more!

Scheduling in Oracle Primavera P6 for U.S. Army Corps of Engineers Projects

Virtual Course Date: January 12-13, 2022.

Most capital construction projects for the U.S. Army Corps of Engineers (USACE) require a schedule in Primavera format. This schedule is the baseline from which all progress is measured, provides the foundation for Pay Applications, and is the integration point with USACE's Resident Management System (RMS 3.0). This course will discuss typical USACE contract requirements, and how to successfully meet those requirements using Primavera P6.

Disabled Veterans face incredible obstacles as they struggle to find a new identity in civilian life. Having been part of a supportive team of brothers and sisters while on active duty, disabled veterans often find themselves with limited support or even alone to face their new reality in a civilian world that they no longer feel connected with.

According to the Department of Veterans Affairs an average of 20 Veterans take their own life every day. In answer to this alarming statistic and to honor the brave men and women who selflessly volunteered to serve our great nation, in 2017 Challenge Alaska joined the movement and formed Alaska Warriors Hockey, specifically to serve disabled Veterans living in the Last Frontier.

AGC of America Annual Convention

March 28 - 31, 2022

Gaylord Texan Resort & Convention Center
Grapevine, TX

The AGC Annual Convention provides contractors of all sizes the opportunity to gain business-critical insights into the issues most affecting their operations. From risk management to safety on the jobsite to the latest in project management solutions, AGC brings together experts from across the industry to share their knowledge and help prepare contractors to meet the challenges of today and tomorrow.

And no time is better than now to prepare your company for the challenges (and opportunities) facing our industry as we collectively emerge from the pandemic, grapple with economic uncertainty, and navigate the legislative and regulatory policies of the new administration.

Experience for yourself how the AGC Annual Convention provides contractors of all sizes and markets the opportunity to gain a competitive advantage, to help protect key business interests, make important industry connections, and to prepare for industry disruptions.

Bring Your Team to the AGC Equipment, Technology & Construction Solutions Expo:

The AGC Annual Convention is the place for construction superintendents, project managers, senior executives, and owners to hone their knowledge as contractors, and the AGC Equipment, Technology & Construction Solutions Expo provides a one-of-a-kind opportunity for your whole team to meet with more than 100 leading industry suppliers showcasing the latest tools, solutions and equipment to power your construction business.

Action Requested Market Research for Use of Project Labor Agreements for Coastal Erosion Protection at Utqiagvik, Alaska - W911KB22R0015

With the deadline of January 5th, the Corps of Engineers is soliciting comments from the construction community addressing the potential use of a Project Labor Agreement (PLA) on W911KB22R0015, Coastal Erosion Protection at Utqiagvik, Alaska. They are soliciting information on historical use of PLAs in Alaska. Any interested party (contractors, project owners, contractor associations, labor unions, construction management firms, etc.) may respond. Send your comments to (Thea@agcak.org) for AGC to consider in our submission to the USACE. Also, submit your comments directly to the USACE here:
